

REQUEST FOR PROPOSAL

Enterprise Network Security Infrastructure

RFP Number: NS-2025-001

Issue Date: June 25, 2025

Response Due Date: July 15, 2025

Issued By: TechCorp Industries

COMPANY OVERVIEW

TechCorp Industries is a mid-sized technology company with 2,500 employees across 8 office locations. We develop enterprise software solutions and handle sensitive customer data requiring robust security measures.

Current Infrastructure:

- 3 data centers (primary, secondary, DR)
 - 8 office locations across North America
 - 2,500+ endpoints (laptops, desktops, mobile devices)
 - Cloud-hybrid environment (AWS, Azure, on-premises)
 - Annual revenue: \$450M
-

PROJECT SCOPE

We seek a comprehensive network security solution to modernize our cybersecurity posture and ensure compliance with industry standards.

Core Requirements

Network Security:

- Next-generation firewall deployment
- Intrusion detection and prevention systems
- Web application firewall for public-facing applications
- Network segmentation and micro-segmentation
- DDoS protection and mitigation

Endpoint Protection:

- Advanced endpoint detection and response (EDR)
- Anti-malware and anti-virus solutions

- Mobile device management (MDM)
- Privileged access management

Monitoring & Analytics:

- 24/7 security operations center (SOC) services
- SIEM platform with real-time alerting
- Threat intelligence integration
- Compliance reporting and dashboards

Identity Management:

- Single sign-on (SSO) implementation
- Multi-factor authentication (MFA)
- Identity governance and lifecycle management

Compliance Requirements

- SOC 2 Type II compliance
 - ISO 27001 certification
 - GDPR data protection compliance
 - Industry-specific regulations (HIPAA, PCI-DSS)
-

PROPOSAL REQUIREMENTS

Technical Proposal:

- Detailed solution architecture
- Product specifications and configurations
- Implementation methodology and timeline
- Integration with existing systems
- Performance benchmarks and SLAs

Vendor Qualifications:

- Company background and experience
- Relevant certifications and partnerships
- Client references and case studies
- Technical team qualifications

Commercial Proposal:

- Detailed cost breakdown
 - Licensing and subscription models
 - Professional services pricing
 - Ongoing support and maintenance costs
-

EVALUATION CRITERIA

Proposals will be evaluated based on:

- Technical capability and solution fit (35%)
- Cost effectiveness (25%)
- Vendor experience and qualifications (20%)
- Implementation approach and timeline (20%)

Budget Range: \$800,000 - \$1,500,000 annually

Implementation Timeline: 6 months maximum

SUBMISSION REQUIREMENTS

Submit complete proposals by July 15, 2025, including:

- Executive summary (2 pages max)
- Technical proposal (15 pages max)
- Commercial proposal with pricing
- Company qualifications and references
- Implementation project plan
